(11/12)(11/12)

C-601-9322

NV-1704-0694 V01 24-MAY-2011 to 01-JUN-2011

AH-1Z/UH-1Y Aircraft Powerplants Organizational Maintenance:

Center for Naval Aviation Technical Training Marine Unit
Camp Pendleton, CA

Upon completion of the course, the student will be able to explain turbine engine operation; describe and explain engine air induction, engine pneumatic starting system; engine anti-ice system; engine lubricating system; engine fuel system; engine fire detection system; and maintain and repair turbine engines.

- Aircraft Turbine Engine Maintenance 3 SH U
- (11/12)(12/12)

C-601-9332 NV-1704-0699 V01 02-JUN-2011 to 23-JUN-2011

AH-1Z/UH-1Y Rotor Driveshafts Organizational Maintenance:

Center for Naval Aviation Technical Training Marine Unit
Camp Pendleton, CA

Upon completion of the course, the student will be able to check, test, and perform maintenance on helicopter drivetrain systems, including main rotor gearbox, hub and blade assembly, and rotor controls; and inspect and perform vibration analysis on helicopter drivetrain systems.

- Helicopter Powertrain Laboratory 3 SH U
- Helicopter Powertrain Maintenance 3 SH U

(2/13)(2/13)

Military Experience

Occupation ID	ACE Identifier Title Description-Credit Areas	Dates Held	ACE Credit Recommendation	Level
---------------	---	------------	------------------------------	-------

MCE-8011 NONE ASSIGNED 23-AUG-2010

Basic Marine:

Description not available.

- None

MCE-8972 NONE ASSIGNED 05-MAY-2011

Aircrew Trainee:

Performs routine aircrew duties under instruction and/or close supervision.

- None

MCE-7313 NONE ASSIGNED 01-APR-2012

Helicopter Specialist, AH-1Z/UH-1Y:

Ground Maintenance Technicians and Aircrew are responsible for performing duties incident to the maintenance and operation of Marine AH-1Z and UH-1Y Aircraft.

- None

6174 MCE-6174-002 27-APR-2012

Helicopter Crew Chief, UH-1:

Serves as flight crewmember, operating and performing maintenance on the UH-1 helicopter.

Levels I and II: Performs daily inspections on assigned aircraft; assists in preflight inspections; monitors aircraft performance during flight; acts as a lookout and advises pilot of obstacles and other aircraft; is responsible for passengers and cargo; loads cargo; serves as a mechanic.

Level III: Trains subordinates; keeps service records; orders supplies; manages maintenance information; leads group discussions and critiques subordinates on oral communication skills; prepares efficiency evaluations and commendations for subordinates; and exercises crew resource management concepts.

Level IV: Supervises and qualifies subordinates; prepares technical and advisory reports on maintenance efforts.

LEVEL III

• Public Speaking	1 SH	L
• Records And Information Management	3 SH	L
• Technical Writing	2 SH	L
• Crew Resource Management	2 SH	U
• Field Experience In Management (GYSGT)	3 SH	U
• Field Experience In Management (SSGT)	2 SH	U

LEVEL IV

• Public Speaking	1 SH	L
• Records And Information Management	3 SH	L
• Technical Writing	2 SH	L
• Crew Resource Management	2 SH	U
• Field Experience In Management (GYSGT)	3 SH	U
• Field Experience In Management (SSGT)	2 SH	U

To determine the level of training completed (I-IV), servicemembers must provide an official copy of their Individual Duty Area Qualification Summary extract from the MATMEP. The Qualification Summary indicates the level of training completed and the date of completion.

(8/04)(8/04)

6174

MCE-6174-003 27-APR-2012

Helicopter Crew Chief, UH-1:

Helicopter Crew Chiefs, UH-1 are flight crewmembers that perform duties incident to the maintenance and operation of Marine UH-1 Helicopters. Supervise human and physical resources to maintain a productive and efficient work environment. Compose and produce written and oral communications appropriate to meet audience needs and comply with industry standards. Conduct talent development, career planning, and coaching for assigned personnel. Manage human safety performance in a high-risk environment, analyze behavioral safety and evaluate the role of the human factors in aviation operations. Plan, coordinate, staff, and control business environments. Apply management skills, critical thinking, and decision-making processes within a wide variety of contexts. Manage, implement and maintain an aviation safety management system and promote and adjust safety culture in high risk aviation environments. NONE ASSIGNED -- Occupation not evaluated by ACE or not evaluated during the time frame held by service member.

College Level Test Scores

NONE

Exams taken after 31 October 2011 may have recommended college credit via the ACE National Guide.

Go to <http://www2.acenet.edu/credit/?fuseaction=browse.getOrganizationDetail&FICE=190163> and look for your exam.

Other Learning Experiences

This section provides a record of the service member's learning experiences that do not have credit recommended for one or more of the following reasons:

- (1) Course has not been evaluated by ACE.
- (2) Class attendance dates were not recorded in the service member's record.
- (3) Course was not completed during the ACE evaluation period.
- (4) Course was not evaluated by ACE at this specific location.

JST Official Transcript Explanation

The American Council on Education (ACE) is the nation's unifying voice for higher education. ACE serves as a consensus leader on key higher education issues and seeks to influence public policy through advocacy, research, and program initiatives. ACE's Military Programs evaluates formal service courses and occupations approved by a central authority, employing the services of teams of subject-matter specialists from colleges and universities (professors, deans, and other academicians) that, through the discussion and the application of evaluation procedures and guidelines, reach consensus on content, description, and amount of credit to be recommended for selected courses and occupations. For comprehensive information on the ACE Military Evaluation process, consult the Course and Occupation Evaluation Systems, described in the online Guide to the Evaluation of Educational Experiences in the Armed Services at: <http://www.acenet.edu/higher-education/topics/Pages/College-Credit-for-Military-Service.aspx>.

ACE, the American Association of Collegiate Registrars and Admissions Officers (AACRAO), and the Council for Higher Education Accreditation have developed a set of guidelines contained in the Joint Statement on the Transfer and Award of Credit (<http://www.acenet.edu/news-room/Pages/Joint-Statement-on-the-Transfer-and-Award-of-Credit.aspx>) that are intended to serve as a guide for institutions developing or reviewing policies dealing with transfer, acceptance and award of credit for courses and occupations completed in a variety of institutional and extraintitutional settings, including the military. More information on guidelines for awarding credit for courses and occupations appearing on JST transcripts is contained in The AACRAO 2003 Academic Record and Transcript Guide.

Service members may request copies of JST transcripts directly from the Operation Centers at <https://jst.doded.mil>. ACE does not issue these transcripts or make any adjustments to missing or incorrect information contained in them. Service members must contact the respective service specific Operations Centers for adjustments or corrections to the transcripts. Colleges and universities may also receive web-based official copies of these documents by contacting the JST Operations Center at jst@doded.mil.

Understanding JST Transcripts

The full exhibit and description for courses and occupations listed on JST transcripts can be found in the Guide to the Evaluation of Educational Experiences in the Armed Services which is available only online at: (<http://www.acenet.edu/news-room/pages/military-guide-online.aspx>) and updated on a daily basis as new courses and occupations are evaluated for recommended credit.

Key to transcript terms:

Military Course ID - This is the number the military service has assigned for this particular course.

SH - Semester hours.

ACE Identifier - The number ACE assigns a particular course. Courses are identified by a 2-letter prefix that designates the military service (AF - Air Force, AR - Army, CG - Coast Guard, DD - Department of Defense, MC - Marine Corps, and NV - Navy), followed by a unique eight-digit course identifier.

ACE Credit Recommendation is listed in semester hours, in the following categories:

V = Vocational; L = Lower level (freshman or sophomore level); U = Upper level (Junior or Senior Level); G = Graduate level.

Dates Taken/Dates Held - Courses and occupations will normally have a start and end date that will show the time period the course was completed or the occupation was held.

Location - Valid location(s) where the course was completed.

Occupational Codes:

Army MOS:

MOS - Army MOS has 5 digits. The first 3 digits identify the occupational specialty and the last 2 digits identify the skill level (E1-E4 = skill level 10; E5 = skill level 20; E6 = skill level 30; E7 = skill level 40; E8 = skill level 50; E9 = skill level 60).

Navy Rates and Ratings:

NER - Navy enlisted rates are occupation identifications assigned to personnel at paygrades E-1 to E-9. Each general rate involves the performance of entry-level tasks and leads to one or more ratings. Career patterns from recruit to master chief petty officer are identified by 4 to 5-digit codes.

NEC - The NEC Structure supplements the Enlisted Rating Structure by identifying skills requiring more specific identification than that provided by general rates and ratings and that are not rating-wide requirements. Selected NECs have been evaluated by ACE to date.

LDO, NWO - Limited Duty Officer, Navy Warrant Officer - Technical officer specialists who perform duties that are technically oriented, with skills acquired through experience and training that are limited in scope to other officer categories. These specialties are normally identified by 4 digits, each successively providing more precise identification of the individual holder.

Marine Corps:

MCE - an MOS has 4 digits and a descriptive title; the first 2 digits normally describe the occupational field and the last 2 digits identify the promotional level and specialty within the occupation.

MCO - officer MOS.

Coast Guard:

CGA - Coast Guard officer aviation competencies.

CGR - Enlisted rating structure used for classified enlisted personnel and qualifications, with career levels from recruit to master chief petty officer.

CGW - Coast Guard Warrant Officers are technical officer specialists who perform duties that are technically oriented and acquired through experience and training that is limited in scope and relation to other officer categories.

MATMEP - Maintenance Training Management and Evaluation Program, a standardized, documentable, level-progressive, technical skills management and evaluation program for enlisted aviation technical maintenance training. The Summary sheet submitted by the service member lists the current level of training completed and should be used by the evaluator to verify the attained level in awarding credit.

DANTES - The Defense Activity for Non-Traditional Education Support maintains the educational records of the service members who have completed DANTES subject Standardized Tests (DSSTs), CLEP examinations, and GED tests. For examinations administered at military installations, results of these tests may appear on JST transcripts for consideration in the award of the recommended credit. However, individual colleges and universities may reserve the right to request official scores directly from ETS or DANTES, to confirm completion of these exams and the credits recommended.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) - The College-Level Examination Program or CLEP provides students of any age with the opportunity to demonstrate college-level achievement through a program of exams in undergraduate college courses. There are 2,900 colleges that grant credit and/or advanced standing for CLEP exams.
